粗陶的生活美学
三餐时光的精致承载

Haruki Murakami said: "Ritual is a very important thing, and our lives also need a sense of ritual." It is some rituals in life that make our sacred fire colorful, exquisite and purposeful. Rather than simply survive. From beginning to end, explore the elegant and exquisite sense of life rituals for the public. Dining is a matter of ritual. The sense of ritual is a yearning for beauty and an uncompromising on mediocrity. It is more to please oneself. It has nothing to do with wealth and reputation, as long as you have a heart that accepts life, You will live more and more interesting, tasteful, and quality.
